WHY: TO EARN THE AVIATION MB AND HAVE LOTS OF FUN HANGIN' OUT WITH FRIENDS

COST: \$12.00 PER PERSON

**NO WALKINS! MUST REGISTER BY
SEPTEMBER 1ST**

Come and join in on the fun of camping at the airport. The events on Saturday will consist of a tour of the airport and tower along with other requirements being completed (We are working with the EAA in trying to coordinate flights. If this is accomplished a signed BSA Flying permit application **MUST** be provided at the time of registration for EACH Scout wishing to partake in this optional requirement. There will be other optional requirements available to those Scouts that are not able to take part in a flight.) We will leave the airport in the afternoon and go to an **AWESOME R/C** (remote control) model airplane show sponsored by Larry Johnson and the South Fork Flyers (www.south-fork-flyers.com). We will return back to the airport for Troop activities in the evening.

Each Troop will need to bring their own dining fly and tables/chairs (we will be camping in an open field next to the airport). Troops will also need to bring in water (there is water available for re-fills) and food. Port-a-potties will be provided. Campfires are permitted as long as they comply with EC city code (if you are planning to have a fire please contact Karla to get specific guidelines).
