***“The only problem with Boy Scouts...
is that there aren't enough of them.”***

-- Will Rogers

"I think the character that you learn in Scouting—working together, being honest with each other, being close-knit, and depending on one another on

our camping trips and while doing things—all this builds character in a young man that he takes with him into adulthood and makes him a much better citizen. And that's why I've always wanted to help Scouting -- I think it's one of the best youth organizations that we have in this country."

-- James A. Lovell Jr., Apollo 13 Astronaut
